

**Graduate School of Global Environmental Studies
Kyoto University**

**IEMP Entrance Examination for Doctoral Program
in Winter 2023**

Guideline for International Applicants

Admission Policy

1. Our policy

The Graduate School of Global Environmental Studies seeks to secure the current and future health and sustainability of the global environment in two essential ways: first, by training future researchers and practitioners for future environmental careers in academia, management, policy-making, advocacy and project implementation; and second, by establishing sustainability as the basis of an integrated and interdisciplinary field informed by ethics, science, technology and the humanities that can address the environmental challenges confronting the 21st century.

2. Who are we looking for?

Our goal is to produce graduates who demonstrate through their excellence and distinctive talents will have an impact in their chosen fields. We are seeking students who demonstrate high moral character and richness of spirit, including

- Future researchers from all academic fields with a keen interest in global environmental problems and their solutions;
- Future internationally-minded practitioners with a deep enthusiasm for environmental management and a sincere commitment to acquiring and implementing the knowledge and practical skills required to tackle environmental problems from the local to the global level in every walk of life;
- A diverse body of students from many different backgrounds and possessing many different perspectives. Our students enter through a variety of admission tracks, including a mid-career admissions option for students with extensive work experience in environmental issues, some of whom may choose to study while continuing their professional careers, and an international admissions program for international students.

3. What are we looking for?

The Graduate School of Global Environmental Studies offers master and doctoral programs in the field of environmental management, as well as a doctoral program in global environmental studies. The admission requirements for each of these programs relates to the objective of the study program provided.

3.1 Global environmental studies

Our three-year doctoral program in global environmental studies aims to foster researchers who are capable of grasping the full complexity and reach of global environmental issues and tackling global and local environmental issues with an innovative mindset and a range of methodologies that are drawn from a wide variety of scholarly fields, as well as practitioners who have such academic quality. Applicants to this program should hold a master's degree in their chosen field of study in addition to English language proficiency and a keen interest in global environmental issues, but exemptions may be made for those with demonstrated professional experience and expertise in a field related to their expected area of study.

3.2 Environmental management

Our two-year master's program and three-year doctoral program in environmental management are designed to foster outstanding and internationally-minded practitioners who are capable of applying management skills in the search for practical and sustainable solutions to local and global environmental problems, as well as researchers who have such practical capabilities. Applicants to either of these programs will need basic academic knowledge of global environmental issues and English language proficiency in addition to a keen interest in environmental management.

4. Basic policy on admissions

The admissions process for the master's program will be carried out by means of a comprehensive assessment of documents, foreign language ability, and an interview. The admissions process for the doctoral program will be carried out by means of a comprehensive assessment of documents and foreign language ability as well as a research presentation and interview.

The Graduate School of Global Environmental Studies (GSGES), Kyoto University, invites international students to apply for three-year doctoral programs in Global Environmental Studies and Environmental Management through a special admission process called the International Environmental Management Program (IEMP).

All applicants for this examination must understand the following:

- This examination is for international students with superior academic records and academic scholarships* who wish to pursue a graduate degree by taking courses taught in English.
*Including those currently applying for a scholarship.
- All applicants are required to select an academic supervisor from the list of applicable faculty on pages 5 and 6.
- Applicants **must** contact your intended faculty member (Section 3) **prior to** application in order to request future supervision for their chosen study program and advice for the application process.

Guidelines for taking the online interview

Please read and confirm the following items carefully that concern taking the online interview.

What to do by the day of the interview:

1. Ensure that you are in an appropriate environment (e.g. a quiet and private room) when taking the interview.
2. Check in advance whether the interview can be conducted stably with the necessary equipment (including camera, speaker microphone) and whether the internet connection is suitable. Be sure to update your OS and Zoom application and check your connection status, microphone, speaker, and camera settings.
3. If taking an interview from overseas and it is difficult to satisfy the above 1 or 2 items, be sure to notify the GSGES administration office in accord with the instructions given in the examination guidelines.

What to do on the day of the interview:

1. Have your admission ticket handy.
2. Access the Zoom link specified in the examination guidelines 30 minutes before the interview time.
3. Set the display name on Zoom to your Applicant ID and name. (e.g. 1001: GSGES)
4. Follow the instructions given by the staff. Sit directly in front of the camera, showing your facing and upper body (do not wear a mask) so that we can verify your identity. During the interview, keep your upper body about 1m away from the camera so that it fits in the video frame. Do not use virtual backgrounds.
5. When prompted by the staff, show the entire surroundings of the room with your web camera used for the interview.
6. When prompted by the staff, use Zoom's screen sharing function to demonstrate that no apps or tabs other than Zoom are running on your device.
See below for how to use Zoom screen sharing.
Zoom Help Center <https://support.zoom.us/hc/en-us> => Audio and Video=> Screen Sharing
7. Be sure to remain visible in the camera during the entire interview.
8. Do not keep anything near you other than the admission ticket and the electronic equipment used for the interview.

About cheating

The following acts may be regarded as cheating and should be avoided.

- Being in an environment where background noise such as telephones interfere with the interview
- Being in the company of a third party during the interview
- Communicating with a third party regarding the interview questions
- Recording the interview video or audio
- Entering and leaving the room during the interview
- Carrying out actions that give the impression of having in hand other items except for the admission ticket and the computer equipment used
- Acts of using the computer equipment for purposes other than the communication about the questions asked (e.g. looking up information online)
- Leaking the contents of questions to other parties
- Committing other acts that impair the fairness of the test (e.g. reading reference materials, intentionally interrupting the internet connection, etc.)

Troubleshooting on the day

- If it is difficult to conduct the interview on the scheduled day due to an Internet connection failure, etc., the interview may be conducted on another day and time during the examination period. Details will be announced later.
- In the event of an incident on the day, we will contact you by phone or email. If the applicant incurs a situation that prevents taking the interview, immediately contact the GSGES administration office by phone or email:
Phone number: +(81)-75-753-9167
e-mail: 160tikyukankyoumu@mail2.adm.kyoto-u.ac.jp

Important notice

- Each interview will be recorded by GSGES in anticipation of connection problems. The recorded data will be appropriately discarded after the selection is completed.
- If there is a connection error or trouble due to the applicant's own reason and the GSGES administration office is not notified, he / she may not retake the interview.

Other necessary matters will be given in the examination guidelines after application.
