Notification about IEMP Entrance Examinations in Winter for Graduate School of Global Environmental Studies in and after the 2025 Academic Year

The Graduate School of Global Environmental Studies will make the following changes in the selection process for IEMP entrance examinations in winter held in and after the 2025 academic year.

Master's program and Doctoral program

1. General eligibility requirements

Applicants must satisfy the following requirements. Other requirements will not be changed.

You must be able to prove that you are confirmed to receive a Japanese government scholarship, other government scholarship, or non-government scholarship when you apply for the program, or you must be applying for ADB-JSP (Master's only) or MEXT special scholarship (Doctoral only).

- *Those currently applying for a scholarship at the time of application are not eligible.
- *MEXT special scholarship may not be available depending on the academic years.

2. Application for examination

- English score (TOEFL, etc.) and evaluation report by the intended academic supervisor need to be submitted at the time of application.
- Examination fee will be changed to 30,000 JPY.

3. Admission selection

Admission selection will be carried out by means of a comprehensive evaluation of the documents, the applicant's English ability, and an interview.

English Score

To evaluate English ability, all applicants including native speakers of English must submit one of the following:

- 1. Score record of TOEFL-iBT (recommended; including TOEFL iBT Home Edition),
- 2. Official score certificate of TOEIC Listening & Reading (Secure/Public testing program), or
- 3. Test report form of IELTS (Academic Module).

If you do not submit one of the above, you will be given "zero" for English ability.

IMPORTANT:

In each case, the score record submitted should be for a test-score dated on or after April 1, 2022.

Original official score reports sent directly to Kyoto University by ETS (Educational Testing Service) will not be accepted. The score records of TOEFL-CBT, TOEFL-ITP, TOEIC Bridge, TOEIC-IP and IELTS (General Training Module) are not acceptable.

Note: Applicants may find the following information useful, if they wish to identify the superior of two or more test scores for submission:

- A TOEIC score can be converted using the score comparison table on next page.
- Conversions of IELTS scores into TOEFL scores can be made using the 'TOEFL iBT and IELTS
 Academic Module Scores Comparison Tables' provided by ETS.

4. Grading criteria

All applicants will be graded according to the sum total of their score (500 points maximum) for English ability (100 points maximum) and interview performance (including general knowledge of global environment, knowledge of the intended study area, research and study plans after admission, qualities and abilities required by the admission policy, and the contents of application documents), taking into account the application documents (400 points maximum). In order to pass, applicants must receive a combined score totaling at least 250 points, and at least 200 points in the interview.

*For more details, refer to the application guidelines scheduled to be posted on our website in late September 2025.
